Examiner's Statement of Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: claim 1 is allowable for setting forth a method for controlling a slitter-scorer apparatus comprising the step of moving a slitter-scorer from a first widthwise location to a second widthwise location, wherein the slitter-score is moved only in a first vertical direction when the slitter-scorer is between the bottom surface and the top surface of a paperboard, and then the slitter-scorer is moved along a first diagonal path to cross the width of the paperboard, and thereafter, the slitter-scorer is moved along a second diagonal path before the slitter-scorer again is moved only in a second vertical direction.

For example, Shinomiya (4,506,577) teaches a method for moving a slitter-scorer from a first widthwise location to a second widthwise location, wherein the slitter-scorer is pivoted upward and moved laterally simultaneously. Shinomiya does not teach the slitter-scorer being moved only in a vertical direction when the slitter-scorer is between the bottom surface and the top surface of a paperboard.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Phong H. Nguyen whose telephone number is 571-272-4510. The examiner can normally be reached on Mon-Fri.
